

NEVER FORGOTTEN.

Every year, hundreds of thousands of children in Canada experience the stigma and loneliness of being separated from an incarcerated parent. This Christmas, you can help transform a child's painful loss with one simple act of grace.

Please join us to give a child a special gift with a written gift tag from their parent, letting them know they are never forgotten, and creating the joy of lasting connection in Jesus's love.

Here's a message we received from a caregiver:

Both of my daughters have had very little contact with their father over the past few years.

I oftentimes worry if they will ever have any kind of relationship with their dad. And we usually don't talk about it too much as it brings up a lot of emotional pain. When they both found out that the gifts were from their dad they started tearing up. And it was the first time in a long time that I overheard them speak about their Dad.
